

Updates & Support Guide – WordPress Themes & Plugins

Hello and thank you for purchasing from our Etsy store! 🎉

We're excited to provide you with premium WordPress themes & plugins, and we want to make sure you always have access to the **latest versions** along with full support.

⚠️ Why Updates Aren't Sent via Etsy

Etsy does not provide automatic updates or alerts for digital downloads. Once you've received your file, Etsy won't notify you when a new version is released.

But don't worry — we've created an easy system so you can get **all future updates directly from us, free of cost**.

✅ How to Get Future Updates (Free with Your Purchase)

1 Visit the product page on our website: <https://mjkofficial.com/product/elementor-pro-wordpress-page-builder/>

2 Add the plugin/theme you purchased to your cart and proceed to checkout. Select **Easypay** as the payment method.

3 On the checkout page, enter:

- Your **WhatsApp number**
- Your **Etsy Transaction ID** (from your original purchase)

✅ You do not need to pay again.

Our team will manually verify your Etsy order and mark it complete. Once confirmed, you'll receive the **latest version download link** instantly.

With this method, you'll always have free access to **future updates** for your purchased product(s).
